

STATE OF WASHINGTON
WASTE POLLUTION CONTROL COMMISSION
GRANTING WASTE PERMIT

LDWSF
12.3.54 v5
01/15/70

Permit No. 3420

In accordance with Chapter 90.48 RCW,
and Chapter 372-24 W.A.C.

Date of Issue.....January 15, 1970.....

Date of Expiration.....January 15, 1975.....

A WASTE DISCHARGE PERMIT is issued to:

Lone Star Cement Corporation
3801 East Marginal Way South
Seattle, Washington 98134

Waste from the permittee's industrial operation located at.....3201 East Marginal Way South.....
not exceeding.....135,000.....gallons per day may be discharged to.....the Duwamish River.....
.....at the following point of discharge:

.....3801 East Marginal Way South.....

Said discharge is authorized subject to the following conditions:

1. The word "waste" in the above statement refers to the total volume of cooling and contaminated waters to be discharged.
2. All contaminated waters are to be collected and used as process water or discharged to a sump to enter the Duwamish River by sub-surface seepage.
3. Uncontaminated storm waters may be discharged directly to the Duwamish River. Any and all discharges including uncontaminated storm waters must have the following characteristics:
 - a. pH range between 6.5 and 8.5
 - b. No visible oils
 - c. Turbidity shall not exceed 10 JTU over natural conditions in the Duwamish River
4. All treatment facilities shall be continuously and efficiently maintained to provide maximum protection to State waters.
5. Esthetic values shall not be reduced by dissolved, suspended, floating or submerged matter which would be attributable to the discharges referred to in Conditions No. 2 and No. 3 above.
6. Sanitary waste is to be discharged to the city sewer system and all requirements and ordinances of the city pertaining to the discharge of wastes to the city sewer system are hereby made a condition of this permit.
7. In the event the permittee is temporarily unable to comply with any of the above conditions of this permit, due to breakdown of equipment or other cause, the permittee is to immediately notify this Commission. This report is to include pertinent information as to the cause and what steps are being taken to correct the problem and prevent its recurrence.

Lone Star Cement Corporation
3801 East Marginal Way South
Seattle, Washington 98134

Date of Issue January 15, 1970

Date of Expiration January 15, 1975

This permit does not allow the discharge of wastes other than those mentioned herein. A new application shall be submitted whenever a change in the waste to be discharged is anticipated.

This permit is subject to termination if the Commission finds: (1) That it was procured by misrepresentation of any material fact or by lack of full disclosure in the application; (2) That there has been a violation of the conditions thereof; (3) That a material change in quantity or type of waste disposal exists.

In the event that a material change in the conditions of the state waters utilized creates a dangerous degree of pollution, the Commission may specify additional conditions to this permit.

Signed

DIRECTOR

Water Pollution Control Commission
